### Qualifications to Vote in the Wild Blueberry Growers' Plebiscite

The PEI Marketing Council, with input from the PEIWBGGA, have approved the following qualifications for a wild blueberry grower to be included in the Register of Producers (wild blueberry growers). For the purposes of this plebiscite a “wild blueberry grower” means:

- Any person that grows five or more acres of wild blueberries on land that it owns or leases in Prince Edward Island;
- The wild blueberry grower must be a partnership, corporation, board, cooperative or syndicate or an individual who has reached eighteen (18) years of age;
- And where the wild blueberry grower is a partnership, corporation, board, cooperative or syndicate, the entity must name a natural person to represent (vote on behalf of) the partnership, corporation, board, cooperative or syndicate.
